

REMARKS

REJECTIONS UNDER 35 U.S.C § 103

Claims 21, 22, and 24-31 were rejected under 35 U.S.C. § 103(a) as being unpatentable over U.S. Patent No. 6,141,681 issued to *Kyle* (*Kyle*) in view of U.S. Patent No. 5,303,336 issued to *Kageyama, et al.* (*Kageyama*). Claims 21, 22 and 24-31 have been canceled. Therefore the rejection of these claims is moot.

Claim 23 was rejected under 35 U.S.C. § 103(a) as being unpatentable over *Kyle* and *Kageyama* and further in view of “well-known prior art.” Claim 23 has been canceled. Therefore, the rejection of this claim is moot.

New Claims

Claims 32-35 have been added. Applicant respectfully submits that claims 32-35 are patentable over the prior art, particularly *Kageyama* and *Kyle*, for at least the reasons described below.

Claim 32, recites sending unformatted data to a viewing entity, and selecting first and second formatters to format a portion of the unformatted data for viewing by a first viewer and a second viewer. Applicant submits the prior art, including *Kageyama* and *Kyle*, fails to teach or disclose at least one limitation recited in claim 32. Therefore, Applicant respectfully submits claim 32 is patentable over *Kageyama* and *Kyle*. Claims 33-35 depend from claim 32. Given that dependent claims necessarily include the limitations of the claims from which they depend, Applicant respectfully submits claims 33-35 are patentable over *Kageyama* and *Kyle*.

CONCLUSION

In view of the remarks set forth above, Applicant submits that claims 32-35 are in condition for allowance and such action is respectfully solicited. The Examiner is respectfully

requested to contact the undersigned by telephone if it is believed that such contact would further the examination of the present application.

Please charge any shortages and credit any overcharges to our Deposit Account number 02-2666.

Respectfully submitted,
BLAKELY, SOKOLOFF, TAYLOR & ZAFMAN, LLP
